

Attention Pickleball Players:

The Pickleball time that is set aside from 9:00am-1:00pm on Tuesday, Thursday, and Friday is open time for all participants. When there are more participants wanting to play than there are available spots on courts, those spots need to be shared equally among all waiting participants.

There is no such thing as 'beginning' or 'new' players needing to have to play elsewhere or having to wait longer for their turn on a court here. All court space is to be shared equally among all participants.

Please help make this facility an accommodating place for all players. We believe that everyone will have a better experience if these rules can be followed and enforced yourselves, rather than any staff getting involved.

Thanks for your cooperation - Millcreek Staff
