

- Season Information
The season is June 10th Through July 15th
 - Games are held on Saturdays at Marv Jenson Recreation Center. Games start in the morning with the youngest leagues first moving up chronologically.
 - Schedules will be available at www.slco.org/marvjenson
- How/when can I find out what team my child is on?
Team assignments and coaches' contact information will be available on the Marv Jenson website on **Tuesday May 30th**
- When will a coach contact me?
Coaches will contact you one to one week before the season begins – if you haven't heard from your coach a few days before the season starts, please contact your coach directly. **Coaches' information will be available on the website** or you can contact Marv Jenson.
- Who are the coaches?
 - A parent volunteer or coach is required for each team – parents must register with the understanding that they could be asked to coach.
 - Coaches are parent volunteers and they have generously agreed to volunteer their time to make these teams happen. Coaches range in experience. Coaches will sometimes ask for help to cover practices or if they will be gone during a game, so please be ready to help support your child's coach. We wouldn't have the league without the volunteer coaches, so please support them in any way you can.
 - All coaches are required to pass a background check on a yearly basis.
 - If you would like to coach your child's team you can be eligible to receive a voucher for 50% off a future registration. Please contact Marv Jenson if you are interested in coaching.
- Practices
Practices are held on Monday, Wednesday, or Friday at Marv Jenson. Coaches determine the specific day and time. Practices are once a week on weekdays. We ask that parents remain with their children at all practices and games. **Practices will start the week before the first game. This is when you will meet your coach, receive your shirt and schedule.**
- Jerseys
Your child will receive a volleyball jersey. Coaches will hand jerseys out at the first practice or before the first game.
- What equipment does my child need?
Players do not need to have any additional equipment. They are encouraged however to have knee pads and to bring a volleyball to practice.
- Picture Day
Pictures will be announced and will be before or after your game. Picture package options and forms will be given to you by your coach. **Pictures are not included in your registration fee.**
- How are teams organized?
If there are no requests to play with a specific teammate or team, we organize kids into teams based off their schools. If there are not enough kids from one school to make an entire team, we then group by schools and the geographic location to each other.

Parent Information Page Youth Volleyball

- Are teams coed?
Generally, all our teams are coed. Registration forms and advertisement will show if there are any leagues that are not coed.
- Can my son/daughter play in an older league?
With the parents understanding that their child will be playing against bigger and older players, we allow players to play up one grade level. For the player's safety we do not allow players to play up more than one level.
- Can my son/daughter play in a younger league?
No, we do not allow children to play in a younger league under any circumstances.
- What is the refund policy?
A joint commitment is made when you register for a Marv Jenson program. We commit to provide the program so that you may participate. If Marv Jenson is providing the program, refunds are not available. However, if for some reason your child can no longer participate, refunds are available as follows:
 - As per Salt Lake County policy and procedures the Parks and Recreation Division may withhold 25% of the refund (program registration fee) for administrative costs. All refunds must be requested in person and accompanied with a written refund request. No refunds shall be given after the first day of the program.
- Any additional questions?
