

Meals on Wheels PetsPlus **Pet Food Drive**

Beginning the first week of **November** and running through the end of the month, Salt Lake County Aging & Adult Services will be conducting the **4th Annual Pet Food Drive** for Meals on Wheels. In partnership with **The Salt Lake County Library**, collection bins will be placed at all Library locations and the Government Center North and South Building atriums.

- This past year, an average of 135 of the Meals on Wheels recipients are receiving a weekly delivery of pet food for their dog or cat.
- For clients on limited income, sometimes it is a question of feeding their pet or themselves and they may share their meal with their pet. PetsPlus ensures the nutritional needs of the individual and their pets are met.
- **Please help by donating a bag of DRY dog or cat food during the month.** Please help us continue offering this great service. Tell your friends, family and neighbors!
