Salt Lake County Online Employee Safety Resources

Employee Connect – Otis Summit Training Website

Looking for a way to receive OSHA required training or offer it to your employees? Look no further. The Employees University and County Risk Management offer the Otis Summit Training library with over 400 courses available any time, any day. All of the Summit courses are up to date, technically accurate and reviewed by content experts and OSHA trainers to ensure accuracy.

To access this online safety resource just login to www.otislogin.com. Once on the site, select “Summit Training Source” then log in.

Most employees are already registered on the site. To login the first time, enter your Username which is the first letter of your first name in caps, the first letter of your last name in caps, spell out your last name with “slco” at the end. An example would be “JDoeslco”. Your password is simply your Employee Identification number.

Once you have logged in, you should automatically be at the beginning of the topic list. There is a search feature on the right to help you get right to your current topic of interest. Once you find the course, simply hit the start button and you are on your way. You can stop the training and come back to it as needed.

Action	Task	Start	Due	Status
▶ Start	Contractor Safety: Office Workers (student video course) English	05/15/2014	12/31/2016	Assigned
