# Salt Lake County Dog Park Implementation Plan Matrix

August 2017

Reading this matrix: The numbers imbedded within the Matrix correspond with project goals (see below).

| Community Dog Park Desired Site Information | | | | | | | | | Visibility | Adjacent Land Use Compatability | | Site Infrastructure | | | | | | | | | | | Proximity to Other Dog Parks, Parks, and Open Space | | | | Vehicular and Pedestrian Access |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Site | Size G1 | | Ownership G1 | | | Cost | | Is site designated by County or municipality for a dog park? G1 | Spatial suitability of site (shape of the site) G1 | Is site visible to passersby and adjacent users? G2 | Zoning G3 | | Availability to Use Existing Improvements G4 | | | | | | | | | | Is site part of or adjacent to an existing County or municipal-owned parks/open space? G5 | | Is site within the 5-mile service area of a community dog park(s)? G5 | | Is site adjacent to an arterial or collector road? G6 |
| | | | Owner | Owner Type | | Cost to Acquire Land | Cost to Acquire Land (Ranking) | | | | | | Existing Lighting | Existing Utilities | Existing Sidewalks | Irrigation System | Maintenance Facilities | Perimeter Fencing | Off-Street Parking | On-street Parking | Restrooms | Unique Features | Overall Existing Improvements Score | | | | | |

## VISION STATEMENT

The Salt Lake County Dog Park Implementation Plan will build upon the 2008 Salt Lake County Off-Leash Dog Park Master Plan to identify, rank and prioritize 2-3 sites for community dog park sites to serve Salt Lake County.

## GOALS

**GOAL 1: Identify sites large enough to accommodate a 5 to 10-acre community dog park, as defined by the 2008 Dog Park Master Plan (DPMP), while minimizing development costs.**

*-Objective 1: Identify sites between 5-10 acres.*
*-Objective 2: Prioritize sites owned by Salt Lake County/ local municipality.*
*-Objective 3: If site is not owned by the County, prioritize sites with the lowest cost.*
*-Objective 4: Prioritize sites designated by the County or municipalities for dog parks.*
*-Objective 5: Prioritize sites with a suitable shape for a dog park.*

**GOAL 2: Prioritize sites clearly visible to the public.**

*-Objective 6: Identify sites visible to passersby and adjacent users.*

**GOAL 3: Identify sites adjacent to compatible land uses.**

*-Objective 7: Prioritize sites within Commercial or Industrial Zone and discourage sites within neighborhood zones*

**GOAL 4: Prioritize sites with existing infrastructure such as utilities.**

*-Objective 8: Prioritize sites that can utilize existing improvements.*

**GOAL 5: Prioritize sites evenly distributed across county that touch existing parks/open space while not overlapping their service area with other existing community dog parks.**

*-Objective 9: Distribute sites evenly across County so not to overlap with 5-mile service area.*
*-Objective 10: Prioritize sites touching existing parks/ open space.*

**GOAL 6: Consider ease of vehicular and pedestrian access to the site.**

*-Objective 1 1: Prioritize sites that can be directly accessed by an arterial or collector road.*

**GOAL 7: Determine if there are any environmentally sensitive resources and, if so, identify if the resource can be sustainably protected or managed**

*-Objective 12: Prioritize sites with rolling/ varied terrain.*
*-Objective 13 Prioritize sites that don't have endangered/protected species.*
*-Objective 14: Prioritize sites with no wetlands present.*
*-Objective 15 Prioritize sites that do not have direct access to water bodies.*
*-Objective 16: Prioritize sites not within a protected watershed.*
*-Objective 17: Prioritize sites that will not discharge storm water runoff.*
*-Objective 18: Prioritize sites not within a conservation easement or wildlife preserve.*
*-Objective 19: Prioritize sites outside of the 100-year flood zone or Flood Mitigation Site.*
*-Objective 20: Prioritize sites that don't require environmental remediation.*

**GOAL 8: Prioritize sites with public support and minimal public concern or opposition.**
