HELP IS HERE FOR FAMILY CAREGIVERS IN UTAH.

Over 336,000 Utahns care for older parents or loved ones, helping them to live independently in their own homes. These family caregivers have a huge responsibility, and now there's a new law that will make life a little bit easier for them. The law requires hospitals to record the name of the patient's designated family caregiver upon admission and keep that caregiver informed of their loved one's discharge plans. It also makes sure that family caregivers have the instructions they need to safely care for their loved ones when they come home from the hospital. AARP Utah fought for the Patient Designated Caregiver Rule because supporting family caregivers is a top priority for all of us.

AGING & ADULT SERVICES

2001 South State Street, S1-600

Salt Lake City, UT 84190

Greetings,

Welcome to the 2016 edition of the 55+ Senior Resource Directory. It provides older adults, their families and caregivers with information that allows them to better care for each other – a key part of building healthier communities for all of us.

We value our seniors and adults for their knowledge, wisdom and experience; they also make up a large portion of our force of vital volunteers who do so much for our community. We thank them for their continued service and dedication. We also thank the families and caregivers who do so much for our elderly residents. The community involvement we experience here helps to maintain our ‘small town’ feel that sets the Salt Lake Valley apart from other major metropolitan areas.

Salt Lake County Aging and Adult Services provides support and assistance for residents throughout the Salt Lake community. The mission of Aging and Adult Services is to promote independence of aging generations through advocacy, engagement and access to resources. We work every day to achieve our mission by providing quality care, professionalism and timely delivery of services.

This directory is made possible by all the sponsors and Salt Lake County Aging and Adult Services’ Information & Referral Program. Their work ensures this resource is available and refreshed each year.

I hope you find this directory to be useful in your homes and workplaces. Keep it handy. If you have any questions about services and resources, please call Salt Lake County Aging and Adult Services at (385) 468-3200 or visit www.slco.org/aging.

Sincerely,

Useful Websites for Seniors

Although many of us do not have access to the internet at home, many senior centers and most public libraries will help make internet access possible for all. These links are just a small sample of what is available. Throughout this publication we have included websites for your convenience.

1. www.55plusbook.slco.org Connects the reader directly to the website, if the organization listed provided us with a website.
2. www.ssa.gov Provides information on retirement and disability benefits, Social Security publications, applications for benefits and online statements.
3. www.medicare.gov Answers questions about Medicare, compares health plan options, nursing homes and dialysis facilities, locates participating physicians and Medicare suppliers, and prints Medicare publications.
4. www.hud.gov Provides information about government housing programs, home ownership assistance and reverse mortgages.
5. www.aarp.org Provides information and links to a variety of information useful to older adults.
6. www.benefitscheckup.org Provides targeted information to individuals about benefits they might be eligible for, and also resources for assistance with the cost of prescriptions.
7. www.utah.gov Links to social services, employment, licensing, taxes, recreation, highway information, and information on local news and special events in Utah.
8. www.health.utah.gov Provides information on health related issues, resources and licensing.
9. www.slco.org/aging/ Provides links to Aging and Adult Services, recreation, and other County organizations.
10. www.slcap.org Provides information regarding HEAT, Weatherization, Housing Outreach and other programs of Salt Lake Community Action Program.

Quality of Life... When it Counts the Most

Rocky Mountain Care has provided care to our community since 1990 and our commitment to you remains constant.

Skilled Nursing Communities

As members of our local communities, our mission is to deliver compassionate health care services to all those entrusted in our care.

Locations:

- Clearfield
- Evanston
- Heber
- West Valley
- Murray
- Riverton
- Tooele
- Logan

Home Care

Living happier. Living healthier. Living more independently. These are the goals of Rocky Mountain Home Care. It is our mission to provide quality, individualized services which strengthen the independent lifestyle and promote dignity of the elderly and disabled in their own place of residence.

Hospice

Hospice care assists individuals, their families and/or caregivers to achieve the best quality of life during a life-limiting illness. Hospice focuses on patient comfort instead of on continued treatment of the life-limiting condition. Hospice patients are encouraged to participate in activities and functions they enjoy. Hospice is available for children, adults and the elderly.

MAKING THE MOST OF EVERY MOMENT

Personal Care

Personal Care is for patients who are in need of additional personal help in order to recover in their homes. It does not replace home care or hospice care, but can be used in concert with these services. Personal Care can offer patients longer assisted visits as needed.

Currently Rocky Mountain Personal Care is accepting patients in Weber, Davis, and Salt Lake Counties.

Senior Health Insurance Information Program is a free service that provides Medicare/Medicaid beneficiaries and their families with information about health care benefits.

Senior Medicare Patrol Program is a free service that provides assistance and educates on how to protect against healthcare fraud.

MEDICARE: A health insurance program for people age 65 and older. It is also available for some people with disabilities under age 65 and people with end stage renal disease or Lou Gehrig's disease. You may apply for Medicare at your local Social Security office

Call 1-800-772-1213 or go to www.ssa.gov

Part A (Hospital Insurance):

Most people automatically get Part A coverage without having to pay a monthly premium. Part A helps cover your inpatient care in hospitals. This includes critical access hospitals and skilled nursing facilities (not custodial or long-term care). It also helps cover hospice care and home health care. You must meet certain conditions to get these benefits.

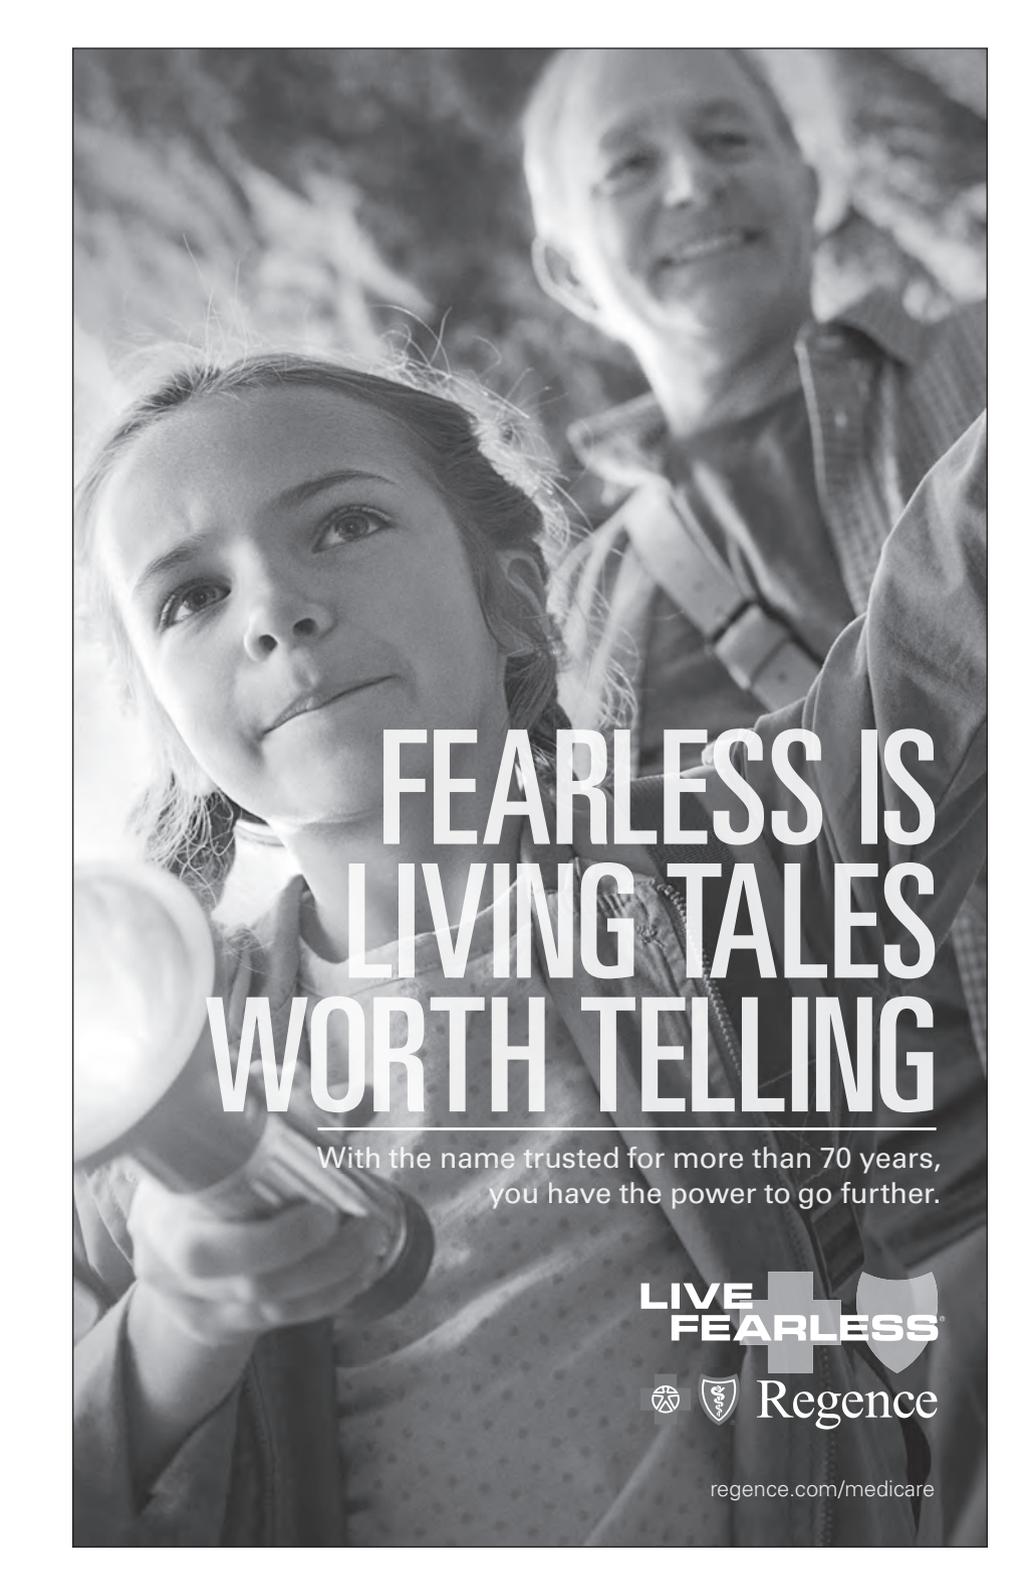

Part B (Medical Insurance):

Part B is optional and has a monthly premium that can be automatically deducted from your Social Security check. Part B helps cover medical services like doctors' services, outpatient care, and other medical services that Part A doesn't cover, Part B helps pay for covered medical services and items when they are medically necessary. Part B also covers some preventative services.

Part D (Prescription Drugs):

Part D is optional and has a monthly premium that can be automatically deducted from your Social Security check. Part D helps cover prescription drugs. There is extra help to pay for prescription drug costs if you have limited income and resources.

Call 385-468-3200 or 1-800-541-7735 for information and assistance.
