Salt Lake County, UT—Mayor Ben McAdams released the following statement upon learning of the death of Roger Miller, son of the late Larry H. Miller and Gail Miller:

"I was very sad to learn about Roger's passing. He was a great supporter and friend of the county's Clark Planetarium, serving as Chairman of the Board from 2009 until early this year. Roger-- and the entire Miller family-- have helped to advance the planetarium's science education mission in innumerable ways.

My wife, Julie and I both send our deepest sympathies to Gail, to Roger's wife, Cheri and their children and grandchildren during this difficult time."
