

Frequently Asked Questions

Q. What is Hospital Indemnity insurance?

A. Hospital Indemnity insurance coverage provides you with payments when you are admitted and when you are confined to a hospital,¹ due to an accident or illness and the policy and certificate requirements are met. Typically, a flat amount is paid for admission, and a daily amount is paid for each day of a hospital stay. It also pays extra benefits for admission to or confinement in an Intensive Care Unit (ICU), and for other benefits and services.²

Payments are made directly to you to use as you see fit. They can be used to help pay for medical plan deductibles and copays, for out-of-network stays, for your family's everyday living expenses, or for whatever else you need while recuperating from an illness or accident.

Q. Who is eligible to enroll for this coverage?

A. You are eligible to enroll yourself and your eligible family members! You just need to enroll during your open enrollment period and be actively at work for coverage to be effective. Dependents to be enrolled may not be subject to a medical restriction as set forth in the Certificate. Some states require the insured to have medical coverage. Additional restrictions apply to dependents serving in the armed forces or living overseas.

A. Even quality medical plans can leave you with unexpected expenses to pay when you are hospitalized. Costs like plan deductibles, copays and co-insurance for doctor and emergency room care, testing and supplies, and extra costs for out-of-network care may not be covered. Many people aren't financially prepared to handle these extra costs. Having extra financial support if the time comes may mean less worry for you and your family, and it will give you the ability to protect your savings and focus on your recovery.
