CALL TO ORDER:

STATEMENT IN SUPPORT OF PUBLIC HEALTH ORDER OF CONSTRAINT 2022-1:

Kalina Duncan, Chair, presented a draft statement in support of the Public Health Order of Constraint 2022-1, which was issued by Dr. Angela Dunn on January 7, 2022; the Board received the draft statement prior to the meeting. The Board discussed the best way to message the statement and the need for a public messaging that encourages residents to wear masks and provide information on the best way to stay healthy, with the Board understanding that the law does allow the state legislature to overturn the order. After further discussion it was determined that the statement would be signed by the Board chair and sent to the Governor, Senate President, and the House Speaker, and the department was asked to prepare a public message that encourages residents to continue wearing masks and the importance of how this, along with other mitigation efforts, can help residents stay healthy.

Kalina Duncan asked if there was a motion to approve the Board statement in support of the Public Health Order of Constraint and forward it to the Governor and legislative leadership, along with a public message asking for residents to support mask wearing. *A motion was made by Dan Poulson, seconded by Pimmie Lopez, to approve the Board statement in support of the Public Health Order of Constraint and a public message asking for residents to support mask wearing.* The motion passed unanimously, showing that all Board members present voted “Aye.”

For more detailed information, please see a hardcopy of the statement included in the Board of Health meeting folder.

Kalina Duncan adjourned the meeting at approximately 9:02 AM.
