THE SALT LAKE COUNTY MRC NEWSLETTER

THE MRC IN ACTION

BRYAN LEWIS

The Salt Lake County Medical Reserve Corps volunteered at the Salt Lake City Marathon and what a blast everyone had! Our unit was asked to provide first aid throughout the course and operate a water station as well, and thanks to everyone that came out not only where we able to provide first aid throughout the course, but also provide two mobile response units and two aid stations! This was an amazing event, and this was only possible because of all you awesome volunteerers! We improved EMS response, ensured runners were hydrated. and improved the overall safety of the event.

PAGE 1

We have also been asked to provide staff for the Salt Lake Music Stroll, and several other 5k's!

I would also like to extend a special thanks to Deb Smith. Deb served as our Aid Station Captain. Deb ensured every position was filled, provided us all with great leadership, and had her students even come out to assist! Thanks Deb!

Finally I would also like to give a special thanks to the Bertoch brothers as well, for providing us with their trailer, expertise and mobile response unit! Thanks Masters of Disaster!

MRC VOLUNTEER APPRECIATION

VOLUNTEER RECOGNITION

DEB SMITH

VOLUNTEER APPRECIATION

Last month was National Volunteer Month and I would like to take this opportunity and thank each member of the Salt Lake County Medical Reserve Corps. Your hard work and commitment to this organization and to your community never goes unnoticed and we truly appreciate you. I hope to bring you more opportunities that will enable you to dedicate your time and passion towards a great cause. As always, my door is always open and I welcome any feedback and suggestions you might have.

Thank you again for your passion, and dedication to this organization.

Last month the Mayor and the Salt Lake County Health Department Emergency Management Bureau recognized Deb Smith for her contributions to the MRC and to her community. Deb Smith has gone above and beyond in supporting the community, and her dedication to this unit is inspiring! Thank you, Deb, for your continued hard work and passion.
