Hey, kids you can help reduce waste.

- Use a dishrag instead of a paper towel to clean up spilled drinks.

- Use both sides of the paper, then use the paper to make a paper airplane.

- Use a reusable lunchbox instead of a disposable paper bag.

- Use a refillable water container.

- To save energy turn off the television and do something fun.

- Reduce waste by giving items away to friends that are no longer a treasure (or of use) to you.

- Share books or subscriptions with friends. Visit your local libraries.

- Avoid creating unnecessary garbage take reusable items on picnics, such as; plastic cups instead of paper cups etc.

Fact: In a lifetime, the average American will throw away 600 times his or her adult weight in garbage.
Reducing Made Fun!

The words above are on the front side of this page. Only this time they are hidden, can you find them?
