This handbook gives prisoners information on the operation, services, and prisoner rules and regulations of the Salt Lake County Jail. Prisoners are encouraged to be familiar with this handbook and follow the rules. This handbook cannot cover every situation that may arise, but being familiar with its contents will help prisoners know what services are available and what is expected of them. Some services and privileges may be restricted in some housing units.

The Salt Lake County Sheriff’s Office is pleased to offer an orientation next to the Metro Jail Visiting Area, located at 3415 South 900 West in South Salt Lake City for the family and friends of prisoners. This orientation is designed to answer questions they may have regarding your incarceration at the Metro Jail. A companion handbook will be made available at the orientation and is also available online at www.slsheriff.org. Orientations will be held Monday evenings at the end of each month at 6:00 p.m. For orientation dates, contact the jail or visit the Sheriff’s Office website.

Prisoners are expected to follow all orders and instructions from staff. An orientation video will be shown to new prisoners in classification. If a prisoner has questions about the information contained in the handbook or video, they should ask a deputy.
The Salt Lake County Sheriff’s Office strives to maintain a clean and sanitized facility for the health and well-being of all prisoners and staff. It is everyone’s responsibility to ensure proper handwashing techniques are applied frequently to prevent infection.

Remember, you can infect yourself with these germs by touching your eyes, nose, or mouth, or spread them to others. Frequently washing your hands can limit the transfer of bacteria, viruses, and other microbes that can make you and others sick. **It is important and most effective to lather with soap for at least twenty seconds before rinsing.**

(C) Due to security concerns, prisoner requests regarding transportation information will not be addressed nor answered.

(28) LIBRARY SERVICES
(A) Library services are provided through the Salt Lake County Library System. The use of library materials is a privilege. **Prisoners may lose this privilege, be disciplined, and/or be charged criminally if they damage or destroy any library materials.**

(B) Books without both authorized and status stamps or County Library stamps and/or bar-coding are contraband.

(C) Library materials are checked out using prisoner name and S.O. number along with the unique bar code on each book. Prisoners are responsible for books checked out to them. When a book is returned without the library bar code, the damage will be documented, and library service may be restricted.

**(29) GOOD TIME**

(A) Prisoners are eligible for good time (credit toward their sentence) if they follow jail rules, and their sentence permits good time.

(B) At the discretion of the jail, good time may be awarded for participation or completion/graduation of approved programs.

   1. High school diploma / GED
   2. Therapeutic Community (C.A.T.S.)
   3. Other approved programs

(C) If a prisoner has not received credit for completing a class, they should contact the Program Instructor by Prisoner Request Form.

(D) Additional good time will not be given for repeating the same program.

(E) Good time is not earned while a prisoner is classified as Behavior Modification or on lockdown status for a sustained Prisoner Disciplinary Board violation.

(F) No combination of good time can exceed the statutory maximum (ten days for every thirty days sentenced).

(G) Requests for good time calculations will not be honored until the prisoner is fully sentenced, and their last sentence ends within sixty days.

(H) Good time is credited as follows:

(30) GRIEVANCE

(A) Prisoners are allowed to file written grievances about conditions in the jail. Prisoners may also file a medical grievance regarding Health Services or their HIPPA protected information. Grievances must be made within thirty days on the appropriate Prisoner Grievance or Medical Grievance Form available from any Housing Unit Deputy.

(B) Each Prisoner Grievance Form must be limited to one topic. Using disrespectful language may result in disciplinary action and/or the grievance being returned unanswered.

(C) Malicious or frivolous complaints may result in criminal, civil, and/or disciplinary action(s).

(D) Prisoners will normally receive a written answer within ten business days.

(E) Prisoners may appeal a grievance decision to the appropriate Division Administrator. Appeals must be submitted within thirty days of receipt of the grievance response on a Prisoner Grievance Appeal or Medical Grievance Appeal Form available from any Housing Unit Deputy.

(F) Access to the grievance process for prisoners who repeatedly file malicious and/or frivolous grievances or appeals may be monitored and or limited. This may be done by designating who may receive grievances, limiting the number of grievances that can be filed in a designated period, etc.

(G) Matters not grievable under this procedure:

   (1) Matters over which the jail has no control (outside agency actions such as library services, courts, enacted laws, etc.).
   (2) Disciplinary actions.
   (3) Housing assignments.
   (4) Grievances on behalf of another person or on non-custodial matters.
   (5) Jail staff personnel issues.

(H) A copy of the Prisoner Grievance Policy is posted in each housing unit.

(I) When requesting a letter of exhaustion for an institutional grievance, you must first complete a Prisoner Request Form clearly stating.

   1. The date the grievance was submitted,
   2. The date the appeal was submitted,
   3. The appeal topic,
   4. The tracking numbers.
The Prisoner Request Form will be forwarded to the Records and Reporting Unit, which will manage the appeal process.

(J) When requesting a letter of exhaustion for a medical grievance, you must first complete a Prisoner Request Form clearly stating:

1. The date the grievance was submitted,
2. The date the appeal was submitted,
3. The appeal topic.

The Prisoner Request Form will be forwarded to the Health Services Director of Nursing, who will manage the medical appeal process.

(31) TRANSPORTATION AND COURT SERVICES

(A) All rules and regulations in this Prisoner Handbook also apply to transportation vehicles, court facilities, and court holding areas, including Jail Court Holding cells.

(B) The term "jail staff" includes transportation deputies, court deputies, and court staff.

(C) Prisoner ID cards are required to enter the Court Holding area.

(D) Prisoner ID cards, court papers, and critical medications are the only items allowed to be taken to court.

(E) When being escorted to or from a transportation vehicle, in or around Court buildings, or to or from Court holding areas, prisoners will walk in a single file line and not talk.

(F) The rule of no excessive noise will be strictly enforced.

(G) While in the courtroom, prisoners will only speak to attorneys, court staff, judges, and deputies.

(H) Prisoners may not receive anything from an attorney without permission from a deputy.

(I) While being housed in any court holding cell or room, prisoners will not:

1. use the toilets as a garbage receptacle.
2. stand on the chairs, benches, toilets, or sinks.
3. sit or stand on the divider walls.
write on, scratch, or mark up walls, doors, windows, or any surface of the court facility. Such action may result in criminal charges, disciplinary action, and/or restitution.

(5) communicate with prisoners in other cells.

(J) Prisoners will not open any windows or doors while in transport vehicles.

(K) Damage or abuse to transportation vehicles may result in criminal charges, disciplinary action, and/or restitution.

(L) While in transportation vehicles, prisoners will remain seated at all times until directed by a deputy. Prisoners will not tamper with safety and/or security devices, including seat belts or shoulder harnesses.

(32) DISCIPLINARY ACTION

(A) Violation of jail rules may result in jail disciplinary action such as restrictions, segregation, and/or loss of good time or prisoner worker status.

(B) A Disciplinary Hearing Deputy will give notice of all pending disciplinary hearings.

Prisoners have their choice of four options:

1. Refuse the Hearing entirely
2. Waive the Hearing process (choose not to participate)
3. Have the Hearing at that time, or
4. Delay the Hearing for twenty-four hours to prepare their case.

The Disciplinary Hearing Deputy will give a brief explanation of the hearing procedure to the prisoner upon initial contact.

(C) Pursuant to Utah Code Annotated, “A jail may request restitution from a prisoner for damaging jail property as part of an administrative disciplinary hearing. To enforce this restitution, the jail may withdraw money from or place a hold on a prisoner’s account.”

(D) Ignorance of a rule is not a valid defense to a rule violation. It is the prisoner’s responsibility to know the rules and obey them. All questions regarding the rules should be directed to Housing Unit Deputies.

(E) Prisoners may request an appeal of Disciplinary Action by submitting a request to the Prisoner Disciplinary Deputy within five days of receiving notification of sanctions. The completed appeal form must be returned to the Prisoner Disciplinary Deputy.

(33) CLASSIFICATION
(A) The jail uses Objective Jail Classification (OJC) to determine a prisoner's classification level. The Classification Unit will be looking for behavior indicators such as:

1. current charges.
2. past convictions.
3. escape history.
4. past institutional behavior.
5. felony convictions.
6. alcohol and drug use.
7. stability factors; including,
   (a) age.
   (b) employment; and/or
   (c) residence.

(B) Approximately sixty days after an initial assessment, a prisoner will be reassessed. This process shifts the jail's emphasis from past behavior indicators to include current behavior. Current behavior will reflect on future incarcerations. **Reassessments may or may not change classification level.**

(C) Prisoners will be scheduled for a reassessment approximately every sixty days unless triggered by a sustained written violation.

(D) Prisoner classification level determines the housing unit assignment, access to the dayroom, programs, and commissary.

(E) Prisoners may request a classification override to a lower classification one time per booking if the following conditions are met.

1. After 90 days in the current classification level.
2. No sustained written violations in the last 90 days.
3. No verbal warnings in the last 60 days.
4. Overrides are at the jail's discretion and are not guaranteed.

(34) **HEALTH INFORMATION**

**Health Care**

The jail has a full spectrum of care available to meet the medical needs of prisoners. Prisoners with medical or dental concerns should fill out a sick call request form and submit it to the Triage Nurse, who will visit each housing unit daily. Likewise, prisoners with mental health concerns should fill out a sick call request form and submit it to the Mental Health Triage Professional, who will visit each housing unit daily. Sick call request forms can be obtained from the Housing Unit Deputy. If a prisoner has a medical, dental, or mental health emergency, including thoughts of suicide or self-harm,
they should notify the Housing Unit Deputy immediately, and Health Services staff will respond as quickly as possible.

Health Care Fees

The jail utilizes a health care co-pay system. Prisoners will not be charged for jail mandated screenings or care, such as mental health visits, emergency evaluations, infirmary care, daily treatments, pregnancy-related visits, or jail ordered referrals or follow-up visits. Prisoners may be assessed a co-pay fee (a current fee schedule is available on the kiosk) for the following prisoner-initiated services:

(A) Doctor visits  
(B) Dental visits  
(C) Mid-level Provider visits  
(D) Psychiatric Visits  
(E) Triage Nurse Assessment

(1) The Triage Nurse co-pay will not be assessed if the prisoner is referred to the provider or doctor for evaluation and treatment.

(F) Prescribed Medications (Per prescription for up to a thirty-day supply)

(G) Transportation (three-hour, two deputies minimum)

(1) Prisoner’s behavior and risk factor will determine the need for additional deputies.

Fees for these services are available by Prisoner Information Notices. Prisoners will not be denied care based on their current inability to pay or because of owed co-pays. Indigent prisoners will be charged appropriate co-pays, resulting in a negative balance on the prisoner’s account. Fifty percent of new monies will be applied to payment of co-pays; the other 50% will remain available for purchases. If a prisoner believes a co-pay charge is not consistent with policy, it may be grieved using the regular prisoner grievance procedure.

Federal Inmates

Federal inmates do not receive special treatment while incarcerated at the Salt Lake County Jail, nor are they exempt from the co-pay system described above.

Mandatory Screens

All prisoners entering the jail are screened for certain diseases. Prisoners may be required to have a PPD skin test during the Intake Booking Process. This test is used to determine if prisoners have ever been exposed to Tuberculosis (TB). The PPD skin test will be read by nursing staff within forty-eight to seventy-two hours after administration. A positive skin test result does not necessarily mean a prisoner has TB or is contagious. If necessary, the prisoner may be moved to medical isolation until further testing is
completed. Any prisoner who is being medically isolated will wear a respirator mask any
time they are outside the designated isolation cell. Prisoner visits may be suspended
until medically cleared.

A comprehensive nursing evaluation (CNE) will be offered to every prisoner within
fourteen days of admission. This evaluation is currently performed in the Processing
area of the jail prior to the prisoner moving to the housing units. This evaluation is used
to obtain a baseline health status and to ensure the medical needs of the prisoners are
being addressed. The CNE is a free evaluation.

**Alcohol and Drug Withdrawal**

Alcohol and certain types of drugs can cause serious problems when stopped suddenly.
It is important that prisoners tell the nurse about legal and illegal drugs they have been
using. Once identified, nursing staff may perform withdrawal assessments daily to
monitor for significant signs of withdrawal.

**Dental**

Dental care is available in the jail. To obtain dental services, prisoners should complete
a sick call request form available from their Housing Unit Deputies and submit it to the
triage nurse. A toothbrush and fluoride toothpaste are given to each prisoner entering
the jail. It is recommended that prisoners brush their teeth with toothpaste after each
meal and prior to going to sleep each night.

**Eye Care**

Routine eye exams, glasses, contacts, and contact lens solutions are not provided by
the jail. Prisoners can purchase most eye care products from commissary. Prisoners
may also have contact lenses or prescription glasses brought to the jail by outside
friends or family. The contact lenses or prescription glasses will be delivered to jail
Administration. The jail will only accept one pair of contact lenses or glasses at a time
and disposable contact lenses must be in a factory-sealed container, or they will not be
accepted. Prisoners may only possess one pair of contact lenses or glasses at a time.

**Mental Health Care**

If a prisoner feels they need to see a mental health professional or provider, they should
complete a sick call request form that can be obtained from the Housing Unit Deputy
and submit it to the Mental Health Triage Professional. There are many therapeutic
programs in the jail that prisoners may participate in if they meet the criteria. Prisoners
should ask the Housing Unit Deputy for specific details. If a prisoner has a mental health
危机，such as feelings of wanting to harm or kill themselves, they should let a deputy
know immediately so they can obtain mental health assistance.

**Suicide Prevention Warning Signs**
Sometimes there are warning signs. Unfortunately, sometimes there are no obvious signs displayed by a person with the intent of killing him or herself. However, we still need to be aware of the possibility. Here are a few warning signs to be aware of:

- Sudden changes in mood or behavior
- Tearfulness, feelings of hopelessness or helplessness
- The giving away of possessions to others
- Statements of wanting to die; or that “life is not worth living.”
- A history of suicide attempts
- The loss of a close friend or family member through suicide
- Tremendous feelings of shame or guilt
- Losing interest in activities or things that one normally enjoys
- Pre-occupied with thoughts about one’s own death
- Speaks unrealistically about getting out of jail soon

Keeping Watch

Everyone should be on the look-out for their fellow prisoner at all times. Please note that the holidays can be a trigger for suicidal thoughts in some persons. **If you feel that someone is suicidal, immediately report this observation to the nearest deputy or medical/mental health staff member.**

Suicidal Thoughts

If YOU are having suicidal thoughts, please remember:

- **Ask for help.** Mental Health Services are available, as well as other medical interventions. TALK TO THE UNIT DEPUTY, MEDICAL OR MENTAL HEALTH PROVIDER.

Americans with Disabilities Act Compliance

The jail complies with facility requirements for people with disabilities. TDD machines are available, as well as other necessary ADA accommodations. If a prisoner feels an ADA consideration is not being met, they should submit a sick call request obtained from the Housing Unit Deputy.

Pregnancy

If a prisoner suspects she is pregnant, inform Health Services staff immediately. If testing reveals that the prisoner is pregnant, Health Services staff will establish a plan for prenatal care.

Self-Care

There are a number of things that prisoners can do to maintain their health while in jail. Good handwashing is the best defense against diseases. Personal hygiene, which includes brushing teeth, showering, and exercising, contributes to positive physical and mental health. We encourage prisoners to establish a daily personal routine. Dental hygiene goes a long way to prevent illness. Brush teeth at least twice daily. Shower
frequently. Exercise improves the body's immune system as well as improves the body’s mental state.

Abuse of Health Services

(A) Prisoner medication must be taken as directed.

(B) **Prisoners may be disciplined if they sell, trade, hoard, give away, or abuse medications, or receive medications from another prisoner.**

(C) Prisoners are encouraged to request medical and mental health services using the proper medical and mental health sick call request form. In emergency situations, prisoners can request medical or mental health if they feel it is an emergency or the medical condition worsens since the last time they were seen by medical.

If a prisoner requires additional information about specific health issues, Jail Health Services staff can assist them.

**ACCESS TO PROGRAMS**

(A) The jail provides numerous prisoner programs. Access to these programs is based upon classification and housing assignment.

(B) To be considered for a program, prisoners must submit a Prisoner Request form directed to the specific program in which they are interested.

(C) Good time is given upon completion of certain programs. Refer to the Good Time section of this handbook.
