

If you develop symptoms of COVID-19, contact your medical provider immediately by telephone or telemedicine app. **Do not go into the hospital or clinic -- doing so could infect others.** Our health care system in Utah is being stretched. Hospitals, clinics and providers are continuing to manage cases, but it is very important that those resources be reserved for those that are very sick.

FEVER

COUGH

**SHORTNESS
of BREATH**

*This list is not all inclusive. Please consult your medical provider for any other symptoms that are severe or concerning.
