## March 2013

### 2013 PURCHASES

As the end of the first quarter is coming up quickly, this is a good time to reflect that the year will most likely pass quickly (as time often does). Many agencies wait to make purchasing decisions until the end of the year, but this can be a problematic approach.

Past experience indicates that our workload can be heavy during the later months of the year. As a reminder, requests of our division are generally processed on a first-come, first-serve basis.

If your agency plans to make purchases that require releasing a bid or proposal, we strongly recommend that you begin the process now by contacting the appropriate buyer within our agency to get started. Please start your solicitation project early. A contact list for our agency and purchasing team is located on the [Contracts & Procurement website.](#)

### WERE YOU AWARE OF THIS NEAT WEB TOOL? ONLINE COMMODITY CODE SEARCH

A comprehensive list of commodity codes is available on the [Contracts & Procurement website.](#) The list is searchable by description and notes the appropriate buyer. Click to [view the Commodity Code List.](#) (Network Login may be required).

### ADVANTAGE HELPFUL HINTS

Small Cost POs that have not been paid may be cancelled by the agency requisition clerk in AMS. Open the small cost PO from the document catalog. *Click* on the "Action Menu" tab in the upper right side of the screen. From the drop down menu, *click* on the first menu choice "Edit." Another drop-down menu appears with two options, "Copy" or "Discard." Select "Discard." This will change the header of this Small Cost PO (SM) to read: **Example: "SM- 600- NP13222- 2-Cancellation Draft."** *Click* "Validate" and "Submit" to finalize the cancellation. Unit Managers may need to approve the cancellation of a small cost PO (SM). It is not complete until the Cancellation is in the "Final" Phase. Purchase Orders over the small cost threshold of \$5000.01 must be cancelled by Contracts & Procurement.

**Once a PO has been cancelled, the RQS must also then be cancelled.** This is done by repeating the same process to the "RQS." *Click* on the "Action Menu" and continue with the steps above. It is not complete until the RQS shows Cancellation Final. Unit Managers may need to approve the cancellation.

Cancellation of contracts requires justification and must be processed by Contracts and Procurement. The Mayor's signature is required on all contract cancellations.
