

About EMI Health

Since 1935, EMI Health has been providing comprehensive insurance products and exemplary service to public and private employer groups. During that time, we have operated safely through changing economic, political, and healthcare environments, thriving on sound business practices, strong leadership, and a dedication to our members. You can rest assured that when you need us, we will be there.

DENTAL NETWORK

- ◆ More than 180,000 members are covered by EMI Health dental plans, and that number is growing rapidly.
- ◆ Members may choose from more than 2,700 in-network dentists, located throughout the state of Utah; and the network continues to grow.
- ◆ Coverage is available outside of Utah through the robust Careington (Advantage) and DenteMax (Premier) networks.

EMI HEALTH WEBSITE

- ◆ *My EMI Health* allows members to view benefits, eligibility, and claims information, including Explanations of Benefits (EOBs). Take "My EMI Health" on the go with the free EMI Health mobile app.
- ◆ Our convenient online provider search allows members to locate in-network providers and nominate out-of-network providers for participation on the panel.
- ◆ Members may also print forms, view answers to frequently asked questions, and take advantage of BenefitHub to enjoy discounts on a number of products and services not covered by the health plan.
