**STATE QUESTIONS**

**Constitutional Amendment A**

Shall the Utah Constitution be amended to modify the period of time that a person in the military needs to serve out of state under an order to federal active duty in order to qualify for a property tax exemption for the military person's residence, allowing the military person to qualify if the period of service is at least 200 days in a continuous 365-day period?

FOR

AGAINST

**Constitutional Amendment B**

Shall the Utah Constitution be amended to authorize the creation of a property tax exemption for real property, such as land or buildings, that the state or a local government entity leases from a private owner?

FOR

AGAINST

**Constitutional Amendment C**

Shall the Utah Constitution be amended to:

- authorize the Legislature to convene into a limited session if two-thirds of the Utah Senate and House members agree that convening is necessary because of a fiscal crisis, war, natural disaster, or emergency in the affairs of the state;
- require the Governor to reduce state expenditures or convene the Legislature into session if state expenses will exceed revenue for a fiscal year; and
- require a session of the Legislature, other than the 45-day annual general session, to be held at the state capitol, unless it is not feasible due to a specified condition?

AGAINST

**Nonbinding Opinion Question #1**

Potential Gas Tax Increase for Public Education and Local Roads

To provide additional funding for public education and local roads, should the state increase the state motor and special fuel tax rates by an equivalent of 10 cents per gallon?

FOR

AGAINST

**Proposition Number 2**

Shall a law be enacted to:

- establish a state-controlled process that allows persons with certain illnesses to acquire and use medical cannabis and, in certain limited circumstances, to grow up to six cannabis plants for personal medical use;
- authorize the establishment of facilities that grow, process, test, or sell medical cannabis and require those facilities to be licensed by the state; and
- establish state controls on those licensed facilities, including:
  - electronic systems that track cannabis inventory and purchases; and
  - requirements and limitations on the packaging and advertising of cannabis and on the types of products allowed?

The Governor's Office of Management and Budget estimates the law proposed by this initiative would result in total fiscal expenses of \$2,900,000 (\$1,800,000 ongoing and \$1,100,000 one-time).

Fee collections would cover about \$1,400,000 of ongoing costs. General state revenues would be required for remaining ongoing costs (\$400,000) and all onetime costs (\$1,100,000).

Under the proposed sales tax exemption, the state and local governments may initially forego \$1,600,000 in sales tax revenue. Foregone revenue could increase over time if consumption and taxable sales increase in the later years following implementation.

Consumer and firm behavior different than assumed would alter these estimates.

In addition, the cost of posting information regarding the initiative in Utah's statewide newspapers and for printing the additional pages in the voter information packet is estimated at \$30,000 in one-time funds.
