

**OFFICIAL GENERAL BALLOT**  
**SALT LAKE COUNTY, UTAH**  
**TUESDAY, NOVEMBER 6, 2018**  
**CLERK OF SALT LAKE COUNTY**

**Proposition Number 3**

Shall a law be enacted to:

- expand the state Medicaid health coverage program to include coverage, based on income, for previously ineligible low-income adults;
- maintain the following as they existed on January 1, 2017:
  - eligibility standards, benefits, and patient costs for Medicaid and the Children's Health Insurance Program (CHIP); and
  - the payment rate for healthcare providers under Medicaid and CHIP; and
- use the tax increase described below to pay for Medicaid and CHIP?

**This initiative seeks to increase the current state sales tax rate by 0.15%, resulting in a 3.191% increase in the current tax rate.**

The Governor's Office of Management and Budget estimates that this proposed initiative would, in fiscal year 2021 (upon full phase-in of the federal Affordable Care Act):

- Result in new state fiscal expenses of about \$77,000,000 for Medicaid services
- Increase state sales taxes by about \$90,000,000 by increasing the state sales tax rate by 0.15%, from 4.70% to 4.85% (a 3.2% increase from the current tax rate).

Beyond FY 2021, costs could outpace new revenue depending on actual cost and revenue trajectories. Estimates could vary with changes in federal law, federal funding, taxpayer behavior and Medicaid recipient behavior, among other factors.

In addition, the cost of posting information regarding the proposed initiative in Utah's statewide newspapers and for printing additional pages in the voter information pamphlet is estimated at \$30,000 in one-time funds.

- FOR  
 AGAINST

**Proposition Number 4**

Shall a law be enacted to:

- create a seven-member commission to recommend redistricting plans to the Legislature that divide the state into Congressional, legislative, and state school board districts;
- provide for appointments to that commission: one by the Governor, three by legislative majority party leaders, and three by legislative minority party leaders;
- provide qualifications for commission members, including limitations on their political activity;
- require the Legislature to enact or reject a commission-recommended plan; and
- establish requirements for redistricting plans and authorize lawsuits to block implementation of a redistricting plan enacted by the Legislature that fails to conform to those requirements?

The Governor's Office of Management and Budget estimates that the law proposed by this initiative would result in a total fiscal expense of approximately \$1 million.

In addition, the cost of posting information regarding the initiative in Utah's statewide newspapers and for printing the additional pages in the voter information packet is estimated at \$30,000 in one-time funds.

**OFFICIAL BALLOT FOR SALT LAKE CITY, UTAH SPECIAL BOND ELECTION**

**NOVEMBER 6, 2018**

SALT LAKE CITY RECORDER

**STREETS RECONSTRUCTION BOND**

Shall Salt Lake City, Utah, be authorized to issue General Obligation Bonds in a principal amount not to exceed \$87,000,000 and to mature in no more than 21 years from the date or dates of issuance; such bonds will be issued in accordance with Utah law solely to pay all or a portion of the costs to improve various streets and roads throughout the City and related infrastructure improvements?

Property Tax Cost of Bonds:

If the bonds are issued as planned, without regard to the taxes currently levied to pay outstanding bonds that will decrease over time, an annual property tax to pay debt service on the proposed bonds will be required over a period of 20 years in the estimated amount of \$48.02 per year on a primary residence with the Salt Lake City average value of \$339,500 and in the estimated amount of \$87.30 per year on a business or secondary residence having the same value.

The City currently levies property taxes to pay debt service on other outstanding general obligation bonds that have been issued to finance voter approved projects, including bonds for two projects (the Main Library and the Leonardo) that will be paid off in 2019. The incremental property taxes would decrease upon the repayment of the currently outstanding bonds, but the decrease will not occur if the proposed bonds are issued. Taking into account the repayment of the outstanding bonds, the City expects that the issuance of the proposed bonds, in the manner currently expected, will result in no net increase to current annual property tax levels for the repayment of bonds.

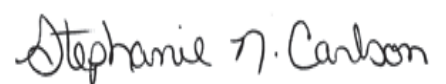

The foregoing information is only an estimate and not a limit on the amount of taxes that the City may be required to levy to pay debt service on the bonds. The City is obligated to levy taxes to the extent provided by law in order to pay the bonds. The amounts are based on various assumptions and estimates, including debt service on the bonds and taxable values of property in the City.

To vote in favor of the proposed bonds, select the box immediately adjacent to the words "FOR THE ISSUANCE OF BONDS." To vote against the proposed bonds, select the box immediately adjacent to the words "AGAINST THE ISSUANCE OF BONDS."
