

SALT LAKE COUNTY MAIL-IN VOTER REGISTRATION FORM

Classification of Voter Records

Voter records are classified in the State of Utah as public documents except for the driver license or identification card number, social security number, and email address. A voter's date of birth can be accessed by government officials, government employees, political parties, health care providers, insurance companies, financial institutions and other qualified persons.

If you believe that disclosure of any information contained in your voter registration form to a person other than a government official or government employee is likely to put you or a member of your household's life or safety at risk, or will put you or a member of your household at risk of being stalked or harassed, you may apply to the lieutenant governor or your county clerk to have your entire voter registration record classified as private. Submit your request via email to GOT-VOTE@slco.org.
