Wheeler Farm is a public park. Please consider this when you are renting outdoor spaces.

Wheeler Historic Farm has just over 200 parking places.

When you rent an outdoor space, you are charged based on the number of attendees/guests. The more people you have, the more space you are required to rent. This is a security measure we have put in place to help ensure events are not stacked on top of each other.

A small family reunion, up to 100 people, can rent one space. That leaves two open lawn spaces available to rent to other groups of similar size.

A large 5K run of up to 500 people must rent all spaces. This way we don't rent lawn spaces to another group.

Rental of the pavilion only includes the pavilion/west lawn space. The public always has access to the playground and restrooms (even during your rental.)

When a group rents all lawn spaces based on the size of their event, they may or may not physically occupy said lawn areas. We do not rope off spaces, or police their use by the public. If your group is not physically using the space, anticipate the public will use the space. The purpose of renting you the space is so we don't rent it to another group.

In an effort to provide guests with a positive experience, we contain the number of people.

We have 4 rentable outdoor spaces.

- The Central Lawn, located directly east of the Activity Barn.
- The South Lawn, our largest space, located south-east of the Activity Barn.
- The Pavilion, equipped with power, restrooms and 14 picnic tables is adjacent to the playground. Rental of the pavilion only includes the pavilion space. The public always has access to the playground and restrooms (even during your rental.)
- 5K Track. We recently had our track marked and it is now a certified 5K. Reserving the 5K track also requires rental of the pavilion.
