Welcome New Business

Date: _____

Dear: _____

On behalf of the businesses located in Millcreek, it's our pleasure to welcome you and your business to the area. What a profound honor to host and assist you with any and all of your business needs.

As a business member in Millcreek, you have access to many resources and tools to help make your business successful and see it achieve all that you can dream it can. The City has partnered with both State and non-profit agencies to provide the utmost in specific tools for your business needs. As you realize and take advantage of these resources you will discover new heights and successes as your business grows. To help ensure your success, this letter is being sent to you to provide you some reminders about operating a business in Millcreek.

We appreciate that you have taken time to register your business with the State of Utah Department of Commerce. This is an important step in running a business; additionally we want to make sure that you remember to apply and receive a license for your business. Ensuring your business is properly licensed to conduct business within unincorporated areas of Millcreek is one step to making sure all your business needs are met. It will provide you with access to Millcreek's Business Licensing and Economic Development teams and everything they have to offer.

Information collected from the Utah Department of Commerce indicates that you have not yet applied for a local Millcreek business license. This important requirement for businesses is something that is often overlooked, but it is just as important as registering a business name, applying for a sales tax number, and providing employee identification numbers for your employees. This may have been an oversight with all there is to do in operating a business so we are here to help make your business as successful as possible with this reminder. Any business or person operating a business within unincorporated Millcreek must apply for a business license.

For your convenience and information there is an attached copy of the Millcreek business license application with additional explanatory information. It is recommended that you complete and deliver this form to our office; however, if it is more convenient for you, you may send us your application via USPS. Sometimes there are questions that arise that cannot be answered over the phone, but require personal interaction. We understand your time is valuable and as an entrepreneur time is very important to you. That being said, to maximize your time we recommend a personal visit to our office to handle the application process. Additionally, at that time we can address any zoning issues that may arise related to your business location and type.

Please Note: If you are receiving payment for work performed and the payer (employer/client) does not withhold taxes on your behalf or you file a 1099 Tax Form, you are considered to be an "Independent contractor" (even if you don't have employees or your own set of clients). Independent contractors are required to apply for a business license to work in the county.

If you have additional questions, please feel free to contact our office at 385-468-6700.

Thank you and again welcome to Millcreek!

Respectfully,

Business Licensing Team

Millcreek

Home Business Compliance Review Checklist

Applicant: _____

The zoning ordinance for Millcreek allows you to use a portion of your home for a home business. You are required to establish and operate your home business in a manner which will not compromise your use of the home as your own and/or your family's primary residence nor adversely affect the residential character of the neighborhood in which your home is situated. The following questions are intended to aid in determining compliance with the standards set forth in Chapter 19.85 of the Millcreek Zoning Ordinance.

Note: Each Family member who participates in the home business is considered an employee for business license purposes.

– Excluding yourself, how many family member employees will there be? _____

- Yes No 1. Is your proposed home business of a type and size of operation that will allow you and your family, as well as other property owners in your neighborhood, to continue to feel that your home is primarily a residence and the home business is secondary to that use?
- Yes No 2. The ordinance requires that in order to establish a home business, you must reside in the dwelling on a permanent year-round basis. Is the dwelling at which you will be conducting this home business your primary residence?
- Yes No 3. Do you intend to have a non-resident employee?
- Yes No 4. If yes, is the street you live on 80 feet or wider?
If your home is located on a street which is wider than 80 feet, then, in addition to yourself and members of your immediate family who also reside on a permanent year-round basis at your home, you may have one non-resident employee which works at the residence.
- Yes No 5. Your business must be conducted on an "appointment only" basis between the hours of 7:00 a.m. and 10:00 p.m. Will all services and sales activities associated with your home business be by appointment only and not designed to attract "off-the-street" customer traffic?

- Yes No 6. Changes to the outside of your home which would alter its residential appearance are not allowed. Do you plan on doing any remodeling to your home that would change its outward residential appearance?
- Yes No 7. Interior structural change (for example moving or adding a wall) to accommodate the use of your home for a home business is not allowed. Do you anticipate the need for or plan on making any major interior alterations to your home?
- Yes No 8. All activities and materials associated with your home business must be kept completely inside the home and/or attached garage. No more than 25% of the total floor area of your home, or five hundred square feet (500 sq. ft.), whichever is less, may be used for the home business. Will your home business exceed these physical space limitations?
- Yes No 9. The outside storage or display of any supplies, inventory or equipment in any portion of your yard or within a detached garage or other accessory building on your property is not allowed. Will your home business ever require outside storage or display?
- Yes No 10. Will your home business require any mechanical or electrical apparatus, equipment or tool which will exceed 110 volts other than those commonly associated with residential uses?
- Yes No 11. Home businesses must be conducted in a manner which will not generate or produce any odors, smoke, dust, heat, fumes, light, glare, sounds, noises, vibrations or other nuisances, including interferences with radio and television reception, or any other adverse effects that may be discernible beyond your property boundaries or that may unreasonably disturb the peace and quiet of the neighborhood in which your property is located. Is there anything about your proposed home business that is likely to create any such problems?
- Yes No 12. In addition to the 2 parking spaces required for every residence, parking must be provided on your property (either in your driveway or in your garage, but not on your lawn, landscaped areas, or on the street) for the vehicles of customers, clients or business-related visitors to your home business. Each parking space must be no less than 9 feet wide by 18 feet long in size. Does your property now have adequate parking area not only for vehicles owned and operated by the residents of your home but also for all business-related vehicles, including for any employee who may be allowed?
- Yes No 13. You are allowed a single nameplate sign no larger than three square feet in size to advertise your home business. The sign must be attached directly onto your house. Do you agree to restrict your on-site advertising to the single sign described above?
- Yes No 14. Vehicles related to the home business which are larger than a passenger car or van or a one-ton pickup may not be brought to, parked on or stored at your residence. Do you agree that vehicles larger than those described above will not be brought to, parked on or stored at your residence?

Note: Violations of the standards set forth in chapter 19.85 of the Millcreek Zoning Ordinance may result in revocation of your business license as well as civil penalties as allowed under section 19.94.070.
