

SALT LAKE COUNTY
LICENSE FOR PIPELINE

THIS AGREEMENT, made and entered into this _____ day of _____, 20_____, by and between SALT LAKE COUNTY, a political subdivision of the State of Utah, hereinafter called the COUNTY, or GRANTOR, and _____, a _____ licensed to do business in Utah, hereinafter called GRANTEE.

WITNESSETH:

WHEREAS, the GRANTEE is desirous of obtaining from the COUNTY a license to construct, and thereafter maintain and operate pipelines within the right-of-way limits of COUNTY roads and highways as described in Exhibit A, attached hereto and incorporated by reference, for the purpose of _____, and

WHEREAS, the COUNTY is willing to grant said license under the terms and conditions hereinafter set forth.

NOW, THEREFORE, in exchange for valuable consideration, including the mutual covenants contained herein, it is agreed by and between the parties hereto as follows:

1. LOCATION OF PIPELINES

The COUNTY hereby grants a revocable license to GRANTEE to construct, maintain, and operate pipelines as provided by the terms of this Agreement. The pipelines shall be located at:

Project Street Addresses:

Length of Cut (Feet):

Address of Contractor, Owner, Corp., Co., etc.:

The pipelines to be installed, the diameter of which shall not exceed forty-two (42) inches shall consist of _____ pipe, satisfactory to the COUNTY in all respects.

The location of the pipeline within the roads and highways shall be as near the right-of-way lines as practicable in accordance with the plans, specifications and maps prepared by _____ (Exhibit A) and on file in the offices of the parties.

The foregoing description of pipeline location is subject to such changes or variations therefrom as may be required or approved by the COUNTY at the time of construction. Following completion of construction the foregoing numbered detail sheets will be furnished showing distance from right-of-way line to pipeline center lines on all roads and highways where said pipelines are installed.

2. APPROVAL OF CONSTRUCTION

The excavation of the trench for said pipeline shall not be commenced by the GRANTEE until and after notice has been given by the GRANTEE to COUNTY. Construction shall be carried forward to completion in the manner required by COUNTY.

3. PROTECTION OF TRAFFIC DURING CONSTRUCTION

The GRANTEE shall so conduct its construction operation that there shall be a minimum of interference with or interruption of highway traffic. The GRANTEE shall conform to such instruction of COUNTY as may be given with respect to handling of traffic, and shall at all times maintain such watchmen, barricades, lights or other measures for the protection of traffic as may be required to warn and safeguard the public against injury or damage during the operations of the GRANTEE in constructing said pipeline.

4. COMPACTION OF BACKFILL

The backfilling of any trench within the paved portion of the highway, the shoulders thereof, or the portion under or intersecting street or highway shall be thoroughly compacted. Method of compaction shall be subject to review by the COUNTY. The GRANTEE shall be liable for any damage which may result to the pavement due to failure to properly compact the backfill.

5. RESTORATION OF EXISTING PAVEMENT

The GRANTEE shall replace, at its expense, any pavement removed or damaged with the same type and depth of pavement as that which is adjoining, including the gravel base material. This pavement shall be constructed in conformity with the standard specifications and shall be subject to the inspection and approval of the COUNTY. If weather conditions do not permit immediate placing of permanent pavement, a temporary pavement shall be placed until such time as weather conditions are favorable, at which time the temporary pavement shall be removed and replaced with a permanent pavement. If the gravel surface, gravel shoulders, or gravel surfaced approach roads become fouled with clay or other unsuitable materials, such entire surfacing shall be removed and replaced with a new gravel surfacing material. No cleated or metal crawler type equipment shall be permitted to operate on any COUNTY hard surfaced street. The repairs to pavement or surface shall include pavements which have been damaged with construction equipment. The COUNTY shall have the option of restoring said roadbed to its original condition in every part of said highway at the expense of the GRANTEE.

6. DISPOSAL OF SURPLUS MATERIAL IN CLEANING UP HIGHWAY

Upon completion of the work, all surplus material shall be removed from within the limits of the highway. The disturbed surface shall be carefully graded to the lines and grades established. Any highway facilities such as signs, culverts, etc., disturbed or damaged during the progress of the work shall be properly restored to their original condition.

7. MAINTENANCE OF PIPELINES BY GRANTEE

The said pipelines and their attached appurtenances shall at all times be maintained, repaired, reviewed and operated by and at the expense of the GRANTEE in such a manner as

shall most suitably protect the highway and the traffic thereon, and shall be subject to the approval of the COUNTY.

8. RECONSTRUCTION OF HIGHWAY

In the event that any of said highways or portion thereof, including the parcel as described in Exhibit A, is reconstructed at any future date as to location, grade of width so as to require the relocation of said pipelines the GRANTEE shall assume and pay all costs incident to relocation of the pipeline.

9. MOVING OF PIPELINE IN CONSTRUCTION OR MAINTENANCE OF COUNTY INFRASTRUCTURE

It is expressly understood and agreed by the parties hereto and as part of the consideration for this agreement that the COUNTY shall have the right to require relocation of said pipeline at any time necessary in the future construction and maintenance of COUNTY infrastructure, including but not limited to highway expansion or reconstruction, storm drain installation or maintenance, and curb, gutter, and sidewalk installation or maintenance, provided that the COUNTY gives thirty (30) days' notice before construction is to commence. The GRANTEE shall assume and pay all costs incident to relocation of the pipeline.

10. PRESERVATION OF SURVEY MONUMENTATION

Pursuant to Utah State Code Section 17-23-14, and Chapter 14.17 of the Salt Lake County Ordinances, if the Grantee finds it necessary to disturb a survey monument for any reason, Grantee shall notify the Salt Lake County Surveyor and obtain a Monument Preservation Permit at least five business days prior to the disturbing, damaging, moving, removing, covering, resurfacing, roto-milling, or destroying of any existing public survey monument(s).

New survey monuments, or replacement survey monuments, shall be constructed in accordance with the Monument Preservation Permit issued by the Salt Lake County Surveyor's office. Non-compliance subject to penalties in Utah State Code Section 17-23-15 and 76-8-415.

Pipelines, manholes, and appurtenances shall be designed, located, or adjusted during construction to prevent interference or conflict with the permanent location of existing Survey Monuments.

11. LIABILITY

Any supervision or control exercised by the COUNTY, or on its behalf, shall in no way relieve the GRANTEE of any duty or responsibility to the general public, nor relieve said GRANTEE from any liability for loss, damage or injury to persons or property sustained by reason of the installation, maintenance, repair or removal of the pipeline and its appurtenances, nor of said GRANTEE's liability for damage to the highway. The GRANTEE shall protect and indemnify and save harmless the COUNTY from any and all damages, claims or injuries that may occur by reason of the construction, maintenance, repair or removal of said pipeline by the GRANTEE provided, however, that this agreement shall not constitute an admission of any liability as to any third party or give to any third party any greater or further right of cause of action, it being understood and agreed that neither the COUNTY nor the GRANTEE recognized any liability for any acts of negligence whether of omission or commission of any of its agents, servants or employees.

12. AGREEMENT NOT TO BE ASSIGNED

The GRANTEE shall not assign this agreement or any interest therein without the written consent of the COUNTY.

13. SUCCESSORS AND ASSIGNS

All covenants and agreements herein contained shall be binding upon the parties hereto, their successors and assigns.

14. SUBJECT TO

This license is subject to the right of the COUNTY at all times as the COUNTY deems necessary to construct roads, public buildings, sidewalks, parks or to carry out any other COUNTY purpose over the area covered by this license, and when the GRANTEE's structures and appurtenances or any of them interfere with any COUNTY purpose, the GRANTEE will

remove such structures or appurtenances within a reasonable time after notice to do so by the Grantor and at the expense of the GRANTEE.

15. NOTICE

Any notice required or permitted to be given hereunder shall be deemed sufficient if given by a communication in writing, and shall be deemed to have been received (a) upon personal delivery or actual receipt thereof, or (b) within three days after such notice is deposited in the United States mail, postage pre-paid, and certified and addressed as follows:

If to COUNTY: Salt Lake County Engineering
ATTN: Division Director
2001 South State Street, N3-120
Salt Lake City, Utah 84190

If to GRANTEE: _____

16. ENTIRE AGREEMENT

This written agreement constitutes the entire agreement between the parties and may be amended only by written agreement properly executed by the parties. No verbal instructions, understandings, etc., nor letters or documents signed by one of the parties shall be permitted to operate as an amendment to this agreement.
